

Next year, **St Matthews** is likely to undergo some major restoration to the clerestory (section between lower and upper roof). We would like to apply for grants to pay for some or all of this. Your answers to a survey will help us prove how much St Matthews is valued by the local community.

The survey is also available in paper form from the church or church hall. You are also welcome to send us a few words by email.

Thank you for taking the time to complete this survey. We very much appreciate it. If you would care to make a written submission to the survey, you can email
